In the Eighteenth Regiment One Man Was Killed and Fifteen Were Wounded, With Several Sure strokes Reported.

Manilla, March 23.—Details of the fighting at Iloilo on March 16 shows that 400 rebel riflemen from Panla were met by seven companies of the Eighteenth regiment of United States infantry and a battalion of the Tennessee volunteers. As supports, these troops had three two-inch Hotchkiss guns under General Miller, north or Jaro, across the river.

The Americans were met with a heavy fire. One man was killed and 15 were wounded of the Eighteenth regiment, and there were several cases of sunstroke. General Miller estimates that 50 rebels were killed and 100 wounded.

Used Poisonous Bullets.

Washington, March 23.—Reports received at the war department from the medical officers serving with troops in the Philippines show that Aguinaldo's army is using brass-tipped bullets. Several American soldiers have been wounded by the poisonous projectiles, and in consequence the wounds are more difficult to heal than those caused by the ordinary bullet. Of course the authorities can do nothing to prevent the insurgents using any kind of bullets they see fit. They have no government to which an appeal can be made. Their action in this respect, officials say, is another indication of their utter unfitness for self-government.

Iowa to Be Repaired.

San Francisco, March 23.—The battleship Iowa will at once be taken to the Union Ironworks, where she will remain about six weeks while being repaired. Her boilers will be retubed and her cylinders overhauled. It is understood that she will go to Port Orchard to be docked and have bilge keels put on preparatory to going to Manilla to relieve the Oregon, which may come home to be docked.

Comanche to Be Remodeled.

Oakland, Cal., March 23.—The old monitor Comanche, which has been bought from the government by a local firm, is to be converted into a freight ferryboat to run in San Francisco bay. Her antique engines will be replaced with new machinery, and she will be remodeled at a cost of \$60,000.

Going to Manilla.

San Francisco, March 23.—Lieutenant Ferruccio Vitali, military attaché of the Italian embassy at Washington, has arrived here en route to the Philippines, where he will watch the military operations as the military representative of the Italian government.

A Tallyho Party

Thomasville, Ga., March 23.—A tallyho party in honor of President McKinley was given by a nephew of Senator Hanna, Charles Chapin, and Mrs. Chapin. A start was made before 11 o'clock, and several hours spent on the best of the roads hereabouts. Except Mrs. McKinley, all the house party, including President McKinley, Vice President and Mrs. Hobart and Senator and Mrs. Hanna, Miss Hanna and young Garrett Hobart went along.

More Klondike Gold.

Seattle, Wash., March 23.—The steamer Lauraud, which recently arrived from the north, brought \$150,000 in gold dust from the Klondike.

MANY ARTICLES

Belonging to Persons Found in Windsor Hotel Ruins.

New York, March 23.—About 150 men worked all night on the ruins of the Windsor hotel fire, but nothing was accomplished so far as the finding of bodies was concerned. The workmen on the Forty-seventh street side of the ruins found the cellar full of water. The digging had to be stopped, and engines were brought up to pump out the water.

Articles of many different kinds continued to be unearthed. Of these some were bankbooks apparently of domestics in the employ of the house.

A marked package of letters and books bore the name of Colonel W. C. Brown and the address, 30 Broad street.

The first traces of human remains to be found on the Forty-seventh street side of the Hotel Windsor's ruins were unearthed near the wall of the annex. There were recovered a number of bones and a portion of a skull.

Shadowing Mrs. Shirley.

Kansas City, March 23.—Interest in the claim to the \$2,000,000 estate of the late John Stetson of Boston, which is soon to be contested by Mrs. Katherine Shirley of this city, has been revived by the appearance here of a Boston lawyer and a woman detective, who, Mrs. Shirley asserts, are working in the interest of the Stetson relatives. Mrs. Shirley claims to be the daughter of Kate Stokes, a former circus rider and actress, who married John Stetson. Both Stetson and his wife died in Boston without leaving a will. According to Mrs. Shirley the Stetson relatives are trying to show that she (Mrs. Shirley) is not such, but the former wife of L. R. Hitchcock, formerly of Toronto, Canada, Dayton, O., and Chicago, and later assistant city assessor of Kansas City.

John L. Sullivan as Referee.

San Francisco, March 23.—John L. Sullivan has been chosen to referee the McCoy and Choyinski fight on Friday night at the Mechanics' pavilion. The advance sale of seats already amounts to \$15,000. The betting, which opened at 10 to 5, is now 10 to 6 in favor of McCoy. The two fighters have selected the men who are to go behind them in the ring. McCoy will have his brother Homer, Jack Stelzner and Frank Purcell. Choyinski's handlers will be Ed Greany, Charlie Tilson and Tommy Murphy.

Bryan at Birmingham.

Birmingham, Ala., March 23.—Colonel W. J. Bryan passed the day around Birmingham, having arrived here from Nashville. He was met by a large reception committee of the Jefferson County Bimetallic league, whose guest he is. Colonel Bryan was taken on a trip over the mineral district, a special train being provided. During the afternoon he held a public reception at the Morris hotel and at night he spoke at the auditorium. Colonel Bryan expects to be back in Lincoln about April 1.

Bribery Investigation.

Harrisburg, March 23.—The house bribery investigating committee, in pursuance of a resolution adopted by the house began, the formal examination of all the 204 members of the body. First the nine members of the committee answered in the negative the five questions that had been agreed upon, and then the work of examining the balance of the members of the house began, the roll being gone through alphabetically. It will take several days to question all of the members.

No Election.

Harrisburg, March 23.—The fifty-sixth joint ballot for United States senator resulted: Quay (R.), 87; Jenks (D.), 71; Daizell (R.), 17; Stewart (R.), 6; Stone (R.), 3; Huff (R.), 7; Irvin (R.), 4; Widener (R.), 3; Riter (R.), 1; Rice (R.), 1; Smith (R.), 3; Tubbs (R.), 2; Grow (R.), 1; Markle (R.), 1. Total vote, 207; necessary to a choice, 104; paired or not voting, 46. No election.

Have Enough.

San Francisco, March 23.—The transport Charles Nelson, which sails in a day or two for Manilla, will take 70 men under command of Lieutenant Alfred Aloe of the Eighteenth infantry. Until further notice no more recruits will be accepted for the regiments now in the Philippines, as their membership is now up to the maximum.

Use Oil Kerosene to Build Fire.

Uniontown, Pa., March 23.—Mrs. Frank Wilsick of Oliver used kerosene in kindling fire, and as a result she and her two little children are fatally burned. When she poured the oil in the stove, she was holding a babe in her arms and another child was standing near.

Santiago, Cuba, March 23.—Mr. Sherman passed a satisfactory night and is now better than at any time since he was taken sick. His recovery is confidently expected.

WANTED A BIG RANSOM

New Phase Developed In the Lapiner Kidnapping Case.

ACCOMPlices IN CHICAGO.

The Boy's Father Throws More Light on the Matter by Telling of the Demands of a Prominent Windy City Lawyer.

Chicago, March 23.—A new phase developed in the Gerald Lapiner kidnapping case. According to a statement made by the boy's father, Mrs. Ingalls and John Collins, the alleged abductors who were arrested at Palmetto, O., had accomplices in Chicago. It is said that Gerald was brought to Chicago last October, and a proposition made to turn him over to his parents upon the payment of a heavy ransom.

It is claimed by Lapiner that a prominent lawyer and the man who gave the Lapiner family the first clew as to the disappearance of Gerald on Decoration day had charge of the Chicago end of the negotiations.

The New Mexican Treaty.

Washington, March 23.—The authorities are looking forward hopefully to the meeting of the Mexican congress next month, when the new extradition treaty already ratified by the United States senate will be ratified by the Mexican senate. Until then a peculiar condition of affairs exists, as the old extradition treaty has expired and the new one has not gone into operation. This interim makes Mexico an asylum for offenders from this side, and similarly the United States is an asylum for violators of the laws of Mexico. It is understood, however, that the terms of the new treaty will not permit this condition to give permanent immunity to offenders.

A Photographer Tortured.

San Francisco, March 23.—A letter from Captain McQuesten, surgeon of the Twenty-eighth regulars now at Manilla, tells of the release of A. R. Peters, a photographer, who was captured and tortured by the Filipinos. Peters was made prisoner while taking pictures outside the lines. He was thrust into a filthy jail, where he was visited by a native captain who tested his sword on his body and threatened to kill him. The next morning he was taken to Malabon, where he found eight Americans, two Englishmen and a Spaniard. From here he finally secured his release through the intervention of American officials.

Cuba Assembly Will Adjourn.

Washington, March 23.—Advices from Cuba received by Señor Queseda, which he regards as trustworthy, are to the effect that the Cuban assembly will dissolve before the present week ends, probably on Saturday. Mr. Queseda regards this as a most satisfactory outcome, as the dissolution is brought about voluntarily and without that agitation which enforced action might have caused. It will clear the way to a peaceful adjustment of the affairs of Cuba.

Death of a Confederate.

Norfolk, Va., March 23.—Major James F. Milligan, 70, a veteran of the Mexican and civil wars, is dead at his home here. He resigned as midshipman in the United States navy and personally tendered his services to President Jefferson Davis of the Southern Confederacy, and was placed in charge of a signal corps that operated in this section and along the James river.

Hanover Chloroformed.

Lexington, Ky., March 23.—The famous American thoroughbred stallion Hanover, 14 years old, by Hindoo, dam Bourbon Belle, was put to death by chloroform. Gangrene of the left forefoot, the result of killing of the nerves while racing, rendered the destruction of the horse necessary. Milton Young had declined offers of \$65,000 for him.

Wages to Be Advanced.

Pittsburg, March 23.—The engineers of the Jones and Laughlin Steel company's mills have been notified that their wages would be advanced 10 percent April 16. A representative of the firm is responsible for the statement that on the same date there will be a general advance in all departments, affecting fully 5,000 men.

Previous Records Broken.

Chicago, March 23.—The mayoralty election will be held in this city early next month, and the official figures given out by the election commissioners on last Tuesday's registration show that 72,322 voters registered, breaking all previous records for municipal elections.

Pittsburg, March 23.—Six hundred employees of the Fox Pressed Steel company have quit work because the firm refused to grant an advance of 10 percent in their wages. The plant is idle.

EVIDENCES OF MURDER.

An Iron Worker Found in a Dying Condition at Cleveland.

Cleveland, March 23.—Joseph Hausman, 48, an employee of the Variety Ironworks, was found in a dying condition, lying in the backyard at his boarding house. Blood was spattered about in all directions. There was evidence that a desperate struggle had taken place. Everything within 10 feet of the body was besmeared with blood. Hausman died shortly after he was removed to the hospital. Seven wounds were found on the dead man's head. The police have as yet made no arrests.

To Purchase Ships.

Cleveland, March 23.—The Marine Review says: "For several days past all manner of reports have been circulated regarding the efforts of the Federal Steel company, the American Steel and Wire company and the Carnegie Steel company, to purchase modern steel vessels for the ore trade. The struggle for supremacy between these large concerns will certainly bring about a further concentration of lake interests. The most important announcement in this regard is the sale of two steel steamers, Pennsylvania and Texas, building at the works of the Cleveland Shipbuilding company for A. B. Wolvin and others."

New Incorporations.

Columbus, O., March 23.—The Salem Hardware company, Salem, capital stock \$20,000; the Grey Eagle Mutual Aid association, Cincinnati; the Powers Land company, Youngstown, capital stock \$48,000; the First Presbyterian church, Higginbotham; the Ripley Gas Light and Coke company, Ripley, amendment enlarging purposes; the Lake Shore Building and Loan company, Cleveland, capital stock \$10,000; the Gross Lumber company, Bellevue, capital stock \$40,000; the Dungaun Co-operative Creamery company, Dungaun, capital stock \$3,600; the Poland Creamery company, Poland, capital stock \$4,500.

Combine of Rolling Mills.

Cleveland, March 23.—The Iron Trade Review says the movement to consolidate western and southern rolling mills has made headway in the past week, and nearly all the necessary options have been secured. Less outside money will be invested, proportionately, than in other recent iron and steel combines. The promoters announced that organization will probably be effected within the next two weeks. The capital proposed is \$15,000,000, and 30 western mills, large and small, are included in the plan.

Newark Election Muddle.

Columbus, O., March 23.—The Democratic members of the Licking county election board called on the secretary of state to get his decision on throwing out the Newark Republican ticket on the ground that the certificates of nomination were not filed within the time required by law. The Republicans caused the Democratic ticket to be thrown out owing to error in filing their certificate. Now the Democrats wish to retaliate.

Married In Ohio.

Chicago, March 23.—After almost half a century of married life, Mrs. Sophia Craig filed a bill for divorce. According to the bill she wedded Henry B. Craig Sept. 5, 1852, at McArthur, O., and lived with him until he deserted her a few years ago. The complainant asks especially that the parties to the suit be given leave to again marry should either see fit to do so.

May Blow In a Furnace.

Youngstown, O., March 23.—Furnaces in the Mahoning Valley have sold 130,000 tons of bessemer pig iron this week at \$14.50 per ton at the furnace. On account of being unable to secure pig iron in the open market in large enough quantities to supply their mill, the Brown-Bonnel iron company has about decided to repair and "blow in" its Phoenix furnace.

Death of Mrs. Snodgrass.

Milford Center, O., March 23.—Aunt Katy Snodgrass died of the grip, aged 103 years 2 months and 17 days. She was the oldest woman in the Woman's Relief corps in the United States. She has lived under the rule of every president of the United States.

Wages Increased.

Youngstown, O., March 23.—All Mahoning valley mill owners voluntarily advanced wages of laborers from \$1.15 to \$1.25 a day. Fifteen hundred men will be benefited by the increase.

Mining Claims Recognized.

Washington, March 23.—Acting Secretary Meiklejohn has issued an order stating that gold having been discovered on the Anvik river and its tributaries within the limits of the military reservation of Fort St. Michael, Alaska, all mining claims in that region in accordance with the mining laws and usages are to be recognized by the military authorities in the reservation.

FOR NOTED CRIMINALS

Bill Passed by Minnesota Solons For Younger Brothers.

LIFE PRISONERS PAROLED.

Original Measure Amended in the Senate So That the Approval of the Board of Pardons Must Be Secured.

St. Paul. March 23.—The prospects of the Younger brothers being released from state prison are much brighter.

The bill which permits the parole of life prisoners after 20 years' imprisonment with uninterrupted good behavior, was defeated in the senate, but later Wilson had the bill reconsidered, and after an amendment was adopted, requiring the approval by the board of pardons of such paroles by the board of prison managers, the bill was passed by a vote of 48 to 5.

The board of pardons has heretofore strongly opposed pardon for the Youngers, but their friends hope for a more favorable disposition toward a proposal to parole the prisoners.

Proposal Has Been Made.

London, March 23.—In the house of commons James Francis Hogan, anti-Parnellite, asked whether a modus vivendi had been arrived at in the matter of the Alaskan boundary, and whether information had reached the foreign office concerning collisions arising out of the dispute. In reply the parliamentary secretary of the foreign office, The Rt. Hon. William St. John Broderick, said proposals for a modus vivendi had been made by the United States government, and he added they are now under consideration. The government, Mr. Broderick continued, had no news of a collision.

RIVER NEWS.

The Cincinnati Post's Article in Regard to the Magnolia Disaster—City of Pittsburgh Delayed.

Editor of Bulletin: The Cincinnati Post of 23rd contains an article descriptive of the loss of the steamer Magnolia by explosion and the sinking of the wreck, together with the loss of a box in the hull of the steamer containing \$16,000 of gold bullion owned by the United States, which was being shipped to the New Orleans mint to be coined. Now, as the steamer Magnolia was lost on her trip up the Ohio river, a few miles above Cincinnati, on her way from that city to Maysville, it would seem somewhat singular that the aforesaid steamer should be carrying a box of gold bullion from Cincinnati up the river to Maysville in order to get it to New Orleans; the quickest and most direct route to which latter city from Cincinnati would be down the Ohio river by boat, or by rail. Besides, the hull of a steamboat is hardly a place where the Government's box of gold bullion would be stowed as freight by the boat's officers, liable to be picked up and carried away by a thief at any time, as \$16,000 in gold does not weigh more than fifty-five pounds avoirdupois, and could have been easily and more securely kept in the office of the steamer. I guess the boat didn't have any of the Government's gold on board. Maybe the scheme to sell, or purchase or speculate upon the value of the bottom of the Ohio river in the locality of the steamer's loss, for water works purposes, has something to do with the Post's interesting little story.

ROW AT LAKELAND.

Steward Hazelp Claims He Was Prevented From Saving \$1,000 on the Insurance.

FRANKFORT, Ky., March 22.—A row is on between the Board of Commissioners of the Lakeland Asylum and Steward Hazelp of that institution, which will result in an investigation of the differences between the officers.

The row grows out of the placing of insurance on the buildings of the asylum. Hazelp claims that the Board of Commissioners authorized him to place insurance with companies by which he could save the State a thousand dollars; that he was setting about doing so when the board proceeded to take the matter in its own hands and place the insurance.

Hazelp came here to-day and presented the matter to the State officers, but no action was taken, and it will be held up until Gov. Bradley returns, when Inspector Lester will be detailed to look into the matter. Hazelp has stirred up a row which may cost him his political scalp.

THE PULLEY WORKS WON.

An Important Decision Rendered This Week by the U. S. Circuit Court of West Virginia.

The friends of the Ohio Valley Pulley Works, one of our best manufacturing establishments, will be glad to know that the U. S. Circuit Court of West Virginia this week decided the suit involving the patents under which the pulleys have been made by the pulley works.

The suit was brought some years ago by the Dodge Manufacturing Company, of Indiana, for alleged infringement of the Dodge patents.

Judges Goff and Jackson rendered the decision, dismissing the suit of the Dodge Company. It is a complete victory for the defendants—the Ohio Valley Company.

The decision has been awaited with great interest by all pulley manufacturers.

Van Winkle & Ambler, of Parkersburg, W. Va.; Wood & Boyd, of Cincinnati, and Judge Thomas R. Phister, of Maysville, were attorneys for the defendants. The Dodge Company was represented by L. Hill and John S. Hill, of Chicago.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard street, Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this royal cure: "It soon removed the pain in my chest and I now can sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." So will every one who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Price 50c. and \$1. Tincture free at J. J. Wood & Son's drug store. Every bottle guaranteed.

RUSSELLVILLE is as dry as a Congressional Record. Every saloon in the place is closed tight. This is the result of the Court of Appeals reversing Judge Goodnight's decision on the liquor question. In reversing the case the Court reversed itself.

EYES tested and glasses scientifically adjusted by Ballenger, the jeweler. Charges always reasonable.

Turupike Guards Will Receive Their Pay. The Court of Appeals has overruled the petition for a rehearing in the case of Cahill against Perrine. This settles the litigation over the payment of the turnpike guards. The county must foot the bill.

The Contemplated Retirement From a Long Business Career.

D. HECHINGER, nominally Hechinger & Co., are going to retire from business. In plain words are going to SELL OUT.

Fortunately for the people, this step was not contemplated until after their entire Spring stock (not less than \$40,000 worth) was purchased and is in their house.

It is needless to say a word about the class of goods that will be thrown on the market. It is a patent fact, not only in our midst, but in the commercial world, that few merchants buy the uniformly high class of goods that Hechinger & Co. have always bought.

The Retirement Sale Will Begin April 1st. -

It will take until then to arrange our stock for the sale.

Every article in the house will be sold at net cost—no more nor less.

Our readers will most assuredly take advantage of this sale.

It's a Rare Occurrence

that a stock of Clothing, Men's furnishings and Men's and Boys' Footwear of such high character are thrown into a forced sale.

"TRUE AMERICANS."

Such is the Title of a New Play in Which Some of the Scenes are Laid in Maysville.

[Attica, Ind., Democrat.]

The Attica Light Artillery will produce "True Americans" at the opera house, Wednesday evening, March 22, with an excellent cast of local talent, under the direction of Mr. W. D. Jefferson of New York City.

Mr. Jefferson comes to us well recommended, and we see by the press from all quarters that his play has met the favor of the theatre goers and even the clergy. The play deals with the principal events of our war with Spain.

The first act is laid at Maysville, Ky. The second at Santiago-de-Cuba. The third is the interior of a Cuban home. The fourth the Red Cross hospital and the fifth back to Maysville, Ky.

THE L. and N. hauled out of Carlisle the past week 425 hogsheads of tobacco—one hundred of which were shipped in one day.

At Lancaster, the grand jury has returned eighteen indictments against the Standard Oil Company for peddling goods without a license. The Standard has a supply depot at Danville, and runs a tank wagon to Lancaster making tri-weekly trips to supply customers.

The grand jury at Covington has indicted forty-five insurance companies "for unlawfully conspiring, confederating, combining, entering into, maintaining, consummating and continuing an unlawful pool, trust, combination, compact and agreement, intending and contriving thereby to persuade, intimidate, compel and force all agents and companies engaged in offering to do a fire insurance business to enter into the trust, the object being to counteract, avoid, stifle and kill the effect of free competition among all insurance companies and agents to fix and maintain the cost of fire insurance to the insuring public at a greater premium rate than would otherwise have to be paid, and thus unlawfully to exact, extort and procure great sums of money from citizens of this Commonwealth, owning and insuring property in the city of Covington, which would not have to be paid by them only for the existence of this unlawful pool or trust."

THE CLARK CASE.

The Court of Appeals Decides in Favor of the L. and N. in a Suit For Damages.

The case of Mrs. Marcia Clark, administratrix of S. D. Clark, appealed from the Mason Circuit Court, was decided Wednesday by the Court of Appeals.

The suit was instituted by Clark before his death for injuries received while a passenger on a train of de'endant near Cynthiana. The injury was caused by the explosion of a can of gasoline.

A peremptory instruction was given in the lower court to find for the company. In affirming the judgment the Court of Appeals holds that there was no negligence on the part of the company.

Mme. Scalchi.

That the appearance of the greatest contralto in the world, Mme. Sofia Scalchi, supported by other famous operatic artists, to-morrow night at the Washington Opera House will be one of the society events of the season is a foregone conclusion. No artist of greater reputation in the dramatic or musical field has ever appeared here. This will be the first and only appearance of Mme. Scalchi in this city.

Scalchi's associates, while being strangers here, are well known by repute to all who follow the musical history of the period. Signor Alberti, baritone, is considered one of the best artists in his line in the world; his voice is one of rare melody, besides possessing remarkable range. Mme. Helene Noldi, prima donna soprano; Signor Canzio, tenor, and Mr. Walter Pick are artists well qualified to support the star.

The entire fourth act of *Il Trovatore* will be presented in costume, and will be preceded by an operatic concert in which all the company will take part.
